Team Member Names (who are present today) _____Anton, Rafi, Johnny, Erin(myself)

What went well on the project?

The structures assembly up until the placement of the marshmallow.

What didn't go well on the project?

The placement of the marshmallow and getting the tape to stick.

Could participation have been improved? How?

Not really, we all seemed to work well together.

Could leadership have been improved? How?

There was no designated leader, we all worked together.

Could results have been improved? How?

Yes, the structure could have been more stable and planned out better.
